

PD Platformers' Days

10. – 11.09.2021
Karlsruhe Trade
Fair Centre

MORE SPACE, MORE DEMONSTRATION & MORE VISIBILITY!

Product Placement

Product Placement

In front of the main entrance or in the hall exhibition/catering zone

Never go unnoticed!

This prominent space directly in front of the main entrance at Platformers' Days is perfect for showcasing your product highlights. Visible all the way from the busy **B36 motorway** next to the exhibition grounds, your products are **certain to be noticed**.

Further product placement areas are available at the heart of the action in the hall and catering areas.

main entrance:
500,00 €

hall area:
300,00 €

Rough Terrain

"Rough Terrain" special theme area

Think big – present your products right next to the visitor parking area! Are your systems and machinery most impressive live in action? Are they best experienced **doing real work on difficult ground** like on a real construction site? Then reserve one of our five **exclusive "Rough Terrain" construction fields with realistic conditions**. With **inclines of up to 30%** and **surfaces consisting of gravel and sludge**, they are perfect for showing what your products can do.

700,00 €

Elektro-Park

„Elektro-Park“ special show

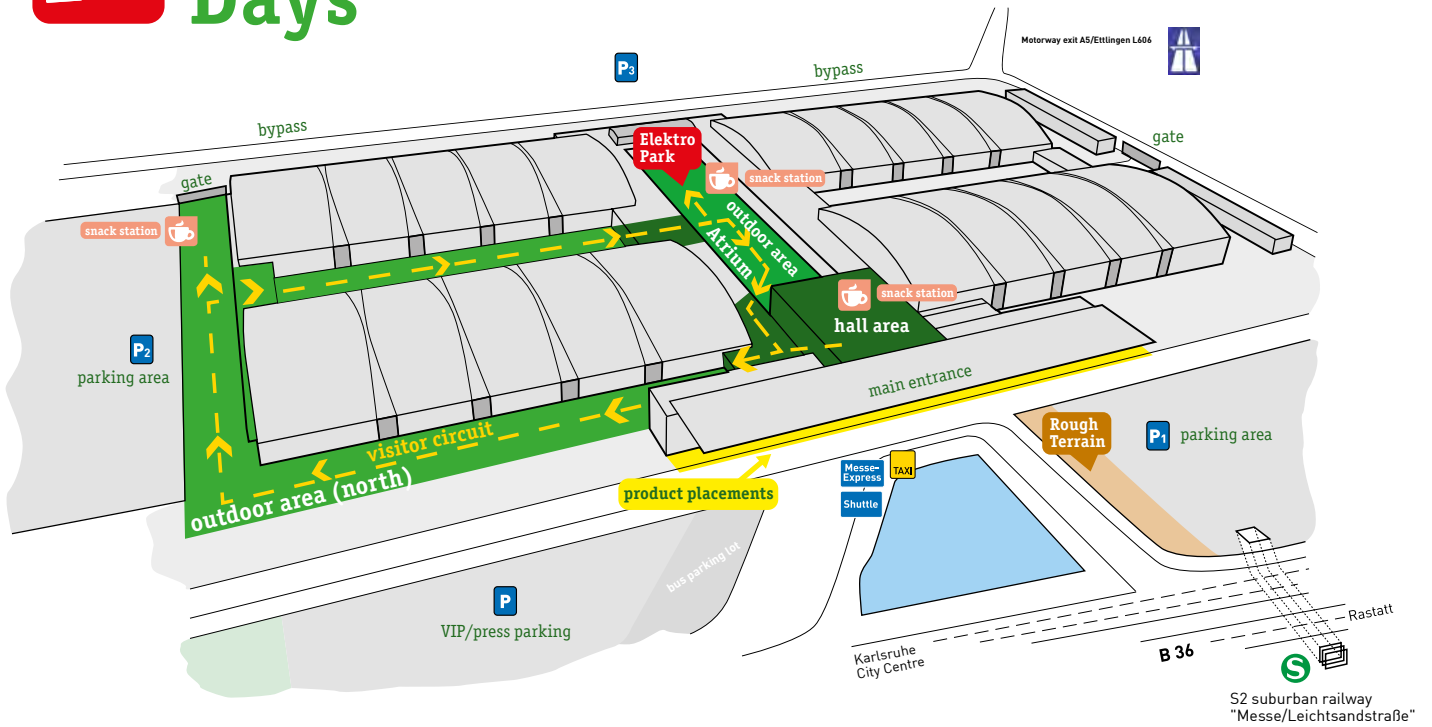

Atrium outdoor area

Trends up close and personal!

At Platformers' Days, **alternative drives** are more than just a topic in presentations. We present the **latest technology** in the form of electric or hybrid systems, machinery and vehicles, so that your customers can **experience it up close** and see for themselves what it can do. The Electro Park in the Atrium outdoor area provides space and a **relaxed atmosphere** for around 10 electrical innovations to showcase their benefits, such as suitability for noise-sensitive environments. This is supported by attractive advertising boards.

300,00 €
